President's Day

When you get to be President, there are all those things, the honors, the twenty-one gun salutes, all those things. You have to remember it isn't for you. It's for the Presidency.

Harry S Truman (1884-1972), U.S. Democratic politician, president. Quoted in: Merle Miller, *Plain Speaking: Conversations with Harry S Truman*, ch. 15 (1973).

**Announcements:**

The chapter test for Acids and Bases is Monday. I will be collecting both labs and the homework that day. Your next lab is the titration lab and that one goes into your lab notebook and will require a formal report.

The best way to prepare for this test is to work tons of problems and review the questions on the Collegeboard website. I strongly recommend that you watch the daily videos for this unit also.

If you have not done the hydrogen peroxide extra credit you can substitute one gallon of distilled water.
